360 Updates

Data Validation 360 Results: During the month of November the 360 Data Validation was completed and the results from this 360 are found below:

Results: Did Not Meet the 90% Passing Standard

All TCA campuses evaluated scores ranging from 45% to 80%.

Highlights

- Graduation and IGC's were not evaluated for term 1 since few files had been submitted to corporate for verification.
- PEIMS submissions and Safety Drills were fully in compliance for all campuses.
- The majority of campuses were in compliance with Data Rosters and PEIMS Demographic coding.

Areas for Improvement

- Registration & Enrollment – Only 2 campuses received credit for this category. Campuses had students who were enrolled for more than 30 days who were missing Trex, transcript, and other documents.
- Online Services/Instructional Services – During our initial review, it was determined that 6 campuses did not meet expectations for this category because students were scheduled in the wrong OS/IS classes. Campuses were instructed to double check their data rosters and review scheduling. From this analysis, it was determined that campuses were scheduling students in classes that were in the best interest of the student, even though they did not follow all of the rules listed in the OS/IS Manual. As a result of this finding, it was determined that due to the diverse educational needs of TCA students, the current OS/IS framework is inadequate to address those needs. Furthermore, a review of Instructional Services program revealed that the program did not deliver the product that was expected and created a burden for campuses. Starting term 3, the Instructional Services program will be discontinued.
- Academic Achievement Records – No campuses met the standard required by the conservators for this category. While there have been improvements in the quality of AARs, Compliance discovered duplicate credits, missing test scores & labels, etc. Several steps have been taken to address this issue. On November 17, 2021, the Data Clerks were centralized. They have been working diligently to address various AAR issues; this process will take time. Until all transcript issues have been rectified, campuses and data clerks will need to work together to achieve 100% accuracy of AARs.

Next steps

- From the findings on this 360 the district leadership determined that Data Clerks will be centralized at central office level.

ESL: During the month of November the ESL 360 was completed and the results from this 360 are found below:

Results: Did not Meet 91% Passing Standard

The ESL department did not achieve the goal scoring 87.5%

Highlights

- The ESL Coordinator followed all the expectations set on the Continuous improvement plan.
- All the activities related to LPAC Process for Term II were completed.
- The first parent ESL Title III Conference was completed.
- PEIMS Coding for ESL students were accurately entered inside of eSchool before PEIMS Submission.
- All the TEA yearly submission were completed on time.

- During the December testing administration, the ESL Coordinator met with District Testing Coordinator to ensure all the requirements for ESL students were in place regarding testing.
- The ESL Coordinator attended and conducted all training related to the LPAC Process, EL identification, parent related events, PEIMS Coding, TEA Submissions, Teacher Certifications, and Testing.
- ESL Coordinator ensured that at least 1 teacher per campus is ELA/ESL Certified.

Areas for Improvement

- English Learner Identification: Disseminate EL student information to all appropriate stakeholders
- Parents Events: Increase Parent Engagement

Next steps

- Expanding the tracking system noted in the parent event component
- Create a monthly report for parent notification of student progress. Develop a district tracking system of newly identified ELs to track and support interventions.
-Monitor systems newly identified ELs per campus
- Create a district master running record spreadsheet to include the following: -Must have entry date & LPAC date column (within 4 weeks) -Must have PEIMS coding
-Date for Parent Notification -Call attempts for record submission (Trex)
- Have 2 ESL Clerks (experts) to review and verify entries for all campuses.

Attendance: During the month of November the Attendance 360 was completed and the results from this 360 are found below:

Results: Met the 90% Passing Standard

Campuses scored highly on the Attendance 360, with 9 of the 13 campuses receiving a perfect score.

Highlights

- This 360 was an area of relative strength for the campuses. Good procedures are in place at the majority of campuses to ensure that attendance is taken and documented appropriately.
- Only 3 of the 13 campuses had teachers taking ADA attendance at the incorrect time.

Areas for Improvement

- None identified at this time. The Compliance Unit recommends the campuses to keep monitoring reports from Cognos and making attendance corrections daily.

Next steps

Continue monitoring teachers taking attendance on time and accurately.

Accountability: During the month of November the Accountability 360 was completed and the results from this 360 are found below:

Results: Did not Meet the 91% Passing Standard

The accountability department scored 30% during the Accountability 360 for term 1.

Highlights

- All campuses received their required accountability training

Areas for Improvement

- Adherence to Assessment Calendar; all assessment activities have taken place.
- Data provided to campuses within a week of the scheduled administration date.
- Cross reference number of students enrolled during testing window with number of students tested. Assessed Term II, II, and IV (not term I).
- Progress Measure plan must be provided to campuses.
- Tracking all EOC Tested areas.

Next steps

- A report will be provided to Ms. Miles at the end of the term of who has submitted the assessments on time and who has not.
- Provide a data analysis report to Ms. Miles at the end of each term on the Skills Checks.
- Communicate expectations to campuses regarding accountability.
- Accountability Director to work with campuses on data analysis.
- Moving forward a report MUST be provided to Ms. Miles at the end of the term to provide a snapshot of success in each of the domains.
- Provide an overview of how the district is doing with our snapshot students per campus.

Curriculum and Instruction: During the month of December the C&I 360 was completed and the results from this 360 are found below:

Results: Did not Meet the 91% Passing Standard

The Curriculum and Instruction scored 56% on their 360 review for term 1. This report is based on evidence provided by the Curriculum and Instruction Department.

Highlights

- TRS training
- Initial training on TRS to create intentional lesson plans including YAG, IFD, MMC, Weekly Objectives, CFAs, and Skills Checks was conducted.
- Evidence shows that my MCC is being utilized to create lesson plans.
- Lesson plans offer opportunities for administrator feedback.
- The Math Campus Visit Tracker shows evidence of content specialist support to teachers.

Areas for Improvement

- Support to campuses and monitoring the utilization of the YAG and the IFDs to plan instruction.
- The evidence provided was aligned with campus execution of lesson plan creation, however, there is a lack of evidence regarding specialist support to execute such as training (aside from initial training), department meetings, observations and feedback, coaching, modeling, follow-up, one-ones, lesson plan support. Math was the only subject with evidence of campus support.
- Support to campuses and monitoring of Formative Assessments-Exit Tickets/Checks for understanding, CFAs, and Skills Checks.
- Create a Visit Tracker similar to the Math Campus Visit Tracker for every content area.
- Add a component related to how the Chief Academic Officer monitors implementation of the Curriculum & Instruction Department.
- Support to campuses and monitoring of utilization of YAG and IFDs to plan instruction.
- Support to campuses and monitor their implementation of Formative Assessments-Exit Tickets/Checks for understanding, CFAs, and Skills Checks.

Next steps

- Begin to gather evidence for term II and submit by January 28th.
- To supplement term II evidence from Curriculum and Instruction, Compliance will conduct campus visits.

Aeries Software

The PEIMS department is leading the transition from eSchool to Aeries software. This project started on October 1st, 2021 and will continue throughout this school year. Click [here](#) to see the milestones and plan for the project. Project updates for the month of October are below:

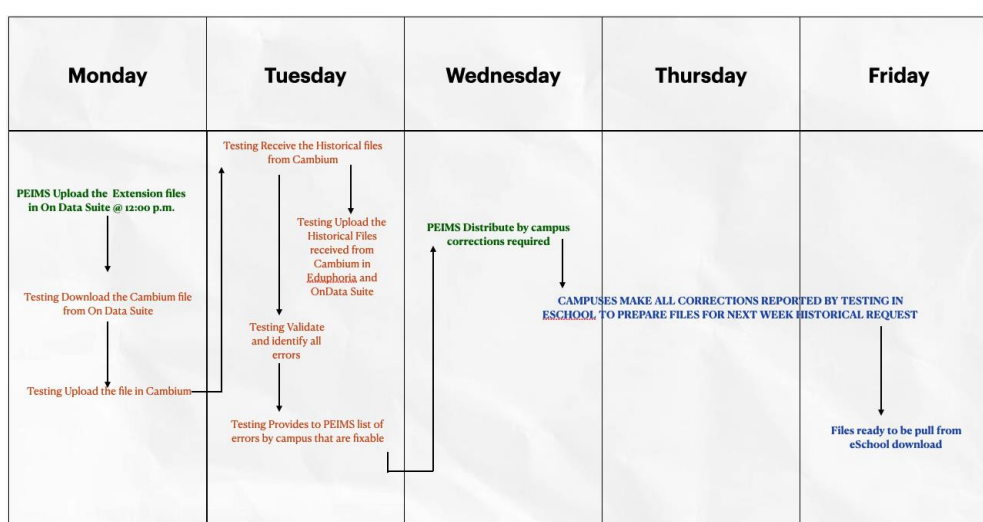

- ✓ Kickoff Call
- ✓ Monday.com Project Board
- ✓ Assign Implementation Team Members
- ✓ SFTP Team Creation
- ✓ 1st Database Transfer
- ✓ District Basic Database
- ✓ Kickoff Surveys
- ✓ Superintendent Meeting Updates
- ✓ Data Conversion Review in Process
- ✓ Staff Personnel Transferred
- ✓ Master Schedule File will be completed on January 20, 2021

TIL Training

The Compliance Unit has attended two important trainings. The first training, Effective School Framework (ESF) Targeted Improvement Plan, provided an opportunity for campus leaders to polish their targeted improvement plans and ensure alignment to the ESF. The second training was focusing on data driven instruction. Another upcoming training will be conducted on January 13, 2021.

Accountability

The Compliance Unit, in conjunction with PEIMS department, has satisfactory completed the monthly uploads into the Ondata Suite Database following the process determined below:

Process Description

One of the goals of the compliance unit is to analyze the systems established to ensure compliance with TEA policies, plans, procedures, laws, and regulations that could have a significant impact on operations and reports and in determining the district's compliance status.

Compliance is ensuring that all the policies, procedures and processes are house in one location that is available for the entire organization: DocCentral. The Compliance Unit is currently working updating DocCentral. The processes currently in place in DocCentral are:

- Policies and Procedures
- Updates Student Handbooks
- Testing
- Scheduling
- Human Resources
- Finance
- PEIMS
- Texas Assessment Management System (TAMS)
- Texas Record Exchange (TREx), including training
- Duplicate credits on transcripts
- Transcript and diploma requests
- Individual Graduation Committee (IGC)
- Credit Recovery
- Transcript accuracy
- ESL compliance
- Enrollment process
- Personal Graduation Plan (PGP)
- Attendance Make-Up
- Student Services
- Remote Conferencing
- Safety
- HB 4545

Areas that are being updated and are nearing completion are:

- Discipline

Compliance updates the material on DocCentral periodically at the request of district leaders.

Compliance Monitoring

Award of Credits

At the end of October 2021, the first term finished for all campuses. The Compliance Unit ran the following reports to ensure that credits are awarding correctly. The data obtained from those reports are listed below and have been discussed with all the campuses during the 360 reviews:

- **Duplicate credits:**

Year	Duplicate Credits
2017	140
2018	308
2019	490
2020	495
2021	240
2022	23

- **Instructional Services class placement:**

As of October 31, 2021, a total of 747 Students are actively enrolled in instructional Services. A total of 303 students have already completed 100% the courses (0.5 Credits) in Instructional Services.

Total Active Students	747	No mistakes were found during the review
Total Completed Courses	303	No mistakes were found during the review
Total	1,050	

- **Online Services class placement:**

As of October 31, 2021, a total of 891 Students are actively enrolled in Online Services. A total of 361 students have already completed 100% the courses (0.5 Credits) in Instructional Services.

Total Active Students	747	No Analyzed at this time
Total Completed Courses	361	Under campus review

- **Online Services:**

The number of credits awarded during the term. (No more than 2.5 Credits) No data found with a student with more than 2.5 Credits – In Compliance.

- **Previous school year records in place:**

Currently available under the enrollment metrics. Click [here](#) to see the report.

- **Credit by Exam reports:**

No requests for Credit by Exam have been received during the Month of December 2021.

Academic Achievement Records (AAR)

At the end of October 2021, the Compliance Unit ran the following reports to ensure that credits are awarding correctly:

- **CPR, PPI and Speech reports:**

A total of 668 Seniors are currently missing these requirements on their transcripts.

- **Endorsements:**

24 Students are missing Endorsements currently.

- **EOC Scores:**

A total of 554 Students are missing label in the EOC records.

- **Duplicate credits previous school years labels:**

1,696 labels need to be reviewed to ensure that are appropriate coded in the system.

Alternative Solution: [Centralizing Registrars](#) under PEIMS/Compliance will be the most efficient solution to help with data accuracy. Find copy of the plan clicking [here](#).

Personal Graduation Plan (PGP)

The Personal Graduation Plan project has three objectives:

- The creation of a new digital PGP form that will be housed in the Student Management System program. The team met together three times in May to discuss edits to this form and began generating the process for how the form will be used. The digital form was successfully completed on October 7, 2021.
- The creation of a processes and procedures manual to guide campuses on the use of the PGP form was completed on October 7, 2021. Visit Doc Central for the most updated version.
- PGPs went live on October 26, 2021.
- Find below the timeline for the PGP Project

Graduation Report

The Compliance Unit completed the process of reviewing files for Overflow Graduates. These students completed all of their credits at the end of the 2021 school year but were missing minor documentation or needed to complete their IGC projects. A total of 16 students were submitted for consideration. The review of these Overflow Graduates will be completed by the end of Term 1. Detail report available [here](#).

Status	Number of Students
Graduated this year from 2020-21	8 Students
Pending Graduation 2020-21	6 Students
Graduation Rejections from last year	2 Students*
2021-22 Graduated	1 Student
2021-22 Pending Graduation	0 Student

*These students must be enrolled during 2021-22 school year to earn a diploma.

Enrollment Metrics

The Compliance Unit completed a report until January 11, 2022. Click [here](#) to see the report.

Instructional Services

The Compliance Unit received directive from the Conservators to Discontinue the use of this strategy.

Special Request Conservator Hayes

November 28, 2021: List of all new students enrolled in Texans CAN since October 30, 2021 the AAR of each of these students, the sending school, the current schedule, and the current PGP for each of these students. The Compliance Unit produced all the items requested by conservator on November 29, 2021 through Dropbox Link.

December 9, 2021: The Compliance Unit produced all the items requested by conservator on December 14, 2021 through Dropbox Link. Items include:

Proof of training required for all teachers and record of each teacher with hours of training accumulated, proof of Credit by Exam posted (required by law), AARs and current schedule of all students set to complete course work in January, 2022, specific job responsibilities for counselors : specific by campus , some campuses have assigned counselors additional duties.

Satisfying Renewal Conditions:

During the weekly meeting with Conservator Dr. Hayes, a few questions were raised regarding satisfying certain conditions from the renewal letter. Answers to those questions are detailed below:

- a. Renewal Condition 2A, Students are placed in appropriate classes within one day of enrollment. *SMS under the data roster capability will allow the Compliance Unit to run reports to ensure that students are appropriately placed in the correct classes.*
- b. Renewal Condition 2b, TCA will implement a Personal Graduation Plan (PGP) that must (1) identify a course of study that fulfills the graduation requirements, (2) promote college and workforce readiness, and (3) facilitate the student's transition from secondary to postsecondary education. *SMS Fulfill this requirement. During a meeting with Dr. Hayes on October 27, 2021, the Compliance Unit demonstrated the difference between PGPs in Eduphoria and our new PGPs platform that was launched this month. The PGPs under SMS meet all the standards requested by TEA under this condition.*
- c. Renewal Condition 2b, TCA principals will designate a school counselor or administrator to review a PGP whenever a student first enters the charter school, regardless of the student's current grade. *SMS Fulfill this requirement.*
- d. Renewal Condition 2b, The PGP will be developed and kept in each student's permanent record folder; TCA staff must review the PGP with students annually; it will be signed and dated each year. *SMS Fulfill this requirement.*
- e. Renewal Condition 2b, Students entering their senior year shall have their PGP signed by the Superintendent to indicate that they are on track to graduate and that course credits align with graduation requirements. Per the PGP plan described above, this condition will be fulfilled in January. *SMS will provide reports that will analyze data and ensure that Superintendent is signing a plan with Fidelity.*

Special Investigation CFB

During the submission of Fall PEIMS, the Compliance Unit discovered that the CFB campus was withdrawing a disproportionate number of students using the 60 (homeschool) leaver code. As of November 30, 2021, CFB had withdrawn 129 students. 67% (86 students) were withdrawn using a 60-leaver code. Find the discoveries of the Investigation clicking on this [LINK](#)
